

**REMARKS**

**SUMMARY OF THE OFFICE ACTION**

In the Office Action dated January 28, 2010, the Examiner rejected the pending claims as obvious under 35 U.S.C. §103(a). Specifically, the Examiner has rejected claims 1-9 under 35 U.S.C. §103(a) as being unpatentable over *Jokinen* (US 2003/0027581) in view of *Pecen* (US 6,925,095). Additionally, the Examiner has rejected claim 3 under 35 U.S.C. §103(a) over *Jokinen* in view of *Pecen* and further in view of *Hurst* (US 7,149,545).

**SUMMARY OF THE INTERVIEW HELD OCTOBER 20, 2010**

As correctly noted in the examiner's summary, Examiner Dean indicated to the undersigned that if the claim (claim 1, the only pending independent claim) was amended to provide further limitation of the claimed remapping step, that is, the limitation that the claimed remapping step is performed by a configuration server, the rejection via the *Pecen* reference would be overcome.

**SUMMARY OF THIS RESPONSE**

Claim 1 has been amended (without prejudice to any continuing application) to include the limitation that the claimed remapping step is done by a configuration server. The Applicant respectfully submits that, in view of the prior art and the current amendment, the application has been amended to place it in condition for allowance. Specifically, the Applicant submits that *Pecen* does not, by itself or in combination with *Jokinen*, teach a remapping by a configuration server of the unique identity to properties, including type of terminal.

**CONCLUSION**

In light of the above comments, the Applicant respectfully requests allowance of the pending claims. As noted above, claim 1 is now in condition for allowance. Additionally,

claims 2-9, which depend from independent claim 1, are allowable at least for the reasons presented above for the allowance of independent claim 1, and the additional features recited therein.

In view of the foregoing remarks, the Applicant respectfully requests continued examination and allowance of the pending application. The Director is authorized to charge deposit account 04-2223 for any fees which may be required, or credit any overpayment thereto.

Respectfully submitted,
